February 2008 Medical News

Ginghamsburg Medical Team Serving St. Mary

Eighteen servants from Ginghamsburg Church in Tipp City, Ohio served in four clinics and the infirmary during our recent trip. Dr. Stephen Guy MD and Dr. Mark Bentley DDS led a very hard working medical team. They served over 500 patients during this trip. Dr. Mark reached a milestone of over 1000 extractions on this trip. Albany, Rock River, Bonnygate and Robbins Bay are the same four clinics served on each visit.

February Medical Team

News Media Covers Clinic at Bonnygate

The Bonnygate Neighborhood Watch, who partners with us at our clinic in that area, has been named the top organization of its kind for all of Jamaica. Representatives from the two major TV networks and the local police public relations were all on hand to report on the clinic event in Bonnygate. This clinic illustrates a model partnership with ACE, the local pastor (Kermit Jones) and the community.

EQUIPMENT DONATIONS FOR NORTH EAST REGION

Coin Schroeder works in one of the pharmacies

Dr. San San Win, of the North East region Ministry of Health,

Informed me of the need for medical instruments in the area. I shared the list of needs with Carol Thomas RN the nurse manager of Surgery at Miami Valley Hospital in Dayton, Ohio. Carol worked with central supply and rounded up instruments that were not being used. We were able to make a sizable donation of many surgical instruments and medications. Dr. Win in a recent communication with Dr. Guy said "Received Speculums and drugs. You should have seen our Doctors joy and appreciation for your effort. Thanks a million." The generosity of our donors is greatly appreciated. We often underestimate the significance of what we are able to donate. Thanks to all who make these donations possible.
